COCKE COUNTY DEMOCRATS IN CONVENTION.

A Convention of the Democracy of Cocke County was held at Newport on Monday, August 7th, for the purpose of selecting delegates to the Democratic State Convention to be held at Nashville on the 9th day of August, 1876, for the purpose of making a nomination for Governor, &c. On motion W. Morris was elected Chairman, and S. W. Jack was appointed Secretary.

The following gentlemen were elected as delegates to represent the Democracy in said Convention, to-wit:

W. T. McSwain, Thos E. Moore, Wm Shields, Wm Sisk, A. Fowler, J. H. Robinson and Charles Stokely; and if said delegates failed to attend, John E. Helms, of Morristown, is hereby instructed to cast the vote of Cocke county in their room and stead.

The Committee appointed to draft resolutions submitted the following, which was unanimously adopted:

Be it Resolved, That the official conduct of Hon. Wm. McFarland, our present Representative in Congress, meets with the unqualified approval of the Democracy of Cocke county; that he has shown himself to be an able, fearless and honest Representative of the people, and we pledge ourselves to give him our earnest support in the coming election.

Be it further resolved, That we deprecate the calling of a Congressional Convention and believe that no necessity exists for one at this time.

Be it further resolved, That we endorse the nomination of the St. Louis Convention, and pledge our hearts support to these eminent citizens whose names have been placed upon the Democratic ticket for President and Vice President.

Be it further resolved, That it is the sense of this meeting that the liberties of our common country are being jeopardized by the long continuance in power of the present corrupt political party, and that the true interests of the masses whether Republican or Democrat, demand a change in the present administration of the affairs of the nation, and we call upon all citizens to assist in the great work of reform now contemplated by the Democratic party.

Be it further resolved, That we endorse the past course of Governor Porter, and we declare him our first choice for Governor in the coming election.

W. T. McSwain, Chairman.

SAMUEL W. JACK, Secretary.

—One hundred deaths occurred in Nashville last month. Forty whites and sixty colored. The number during the same month last year was 101.—From the official vote of Hamilton county, the Chattanooga Commercial states that Trewhitt's majority for Chancellor is 807. Chapman, Democrat, beats Comer, Republican, 277 votes for Sheriff, while Trewhitt's majority for Trustee, over the Republican candidate, is 565.—The Republicans carried Loudon county. The Times gives Carpenter, the Republican candidate for Sheriff, 415 majority over Hall, his Democratic opponent. Mason's majority for Trustee is 310. His opponents were Telford, Democrat, and Littleton, Independent.—A man writing from Waco, Texas, says that mules weighing forty pounds can be bought there for 10 cents.—Sam McKinney, of Knoxville, says the Chattanooga Times, deserves credit for his zeal in behalf of the Custer fund. He raised and forwarded over one hundred dollars. Dr. W. W. Alexander, an eminent and successful physician, died at his residence in Athens, Tennessee, last week.—The Sweetwater Baptist Association meets at Mount Harmony church, in McMinn county, the 19 inst.—The independent voter was numerous here Thursday last, and wore a much dignified appearance.—The Sweetwater Enterprise says that Uncle Dave H. Rayder, of the 18th district, Monroe county, who was 100 years of age, was out in the field a few days since laying by corn.—Corn in Arkansas is worth 25 cents a bushel and the hogs are in clover. This is not "reform," but it is "relief." Hog and hominy politics will do.—We return thanks to our numerous friends who were so kind and thoughtful as to send us the vote cast in their respective localities; but as a full report will be given in tabular form, we cannot publish the lists furnished by Dr. James Rankin, of Rankin's Depot, one of Cocke county's oldest and most useful citizens, gave us a pleasant call on Saturday morning last.—The Republicans carried Claiborne county by a small majority. Mays, Republican, is elected Sheriff by a majority of 75, and Cawood, Republican, for Trustee, by 300 majority.—Judge John A. McKinney's majority in the 1st Judicial Circuit is estimated at 2,600.

TILDEN AND HENDRICKS.

How the New York Governor's Letter is Received.

"No Excuse for a Third Party. No Room for Rebellion or Bolting."

Comments of the New York Papers.

CINCINNATI, August 5.—The Enquirer is enthusiastic in praise of Tilden's letter. It says: "We had feared that he would not concede so much to the sentiment of the great West, to the people of the country, as did the St. Louis platform, but he goes further, does more. If any Western Democrat had been nominated for the Presidency it is probable if he would have put into his letter of acceptance such pronounced professions in favor of Western belief concerning the currency."

We do not think that any Western candidate who could have been nominated would have been, in his accepting letter, so brave in the defense of the friends of currency reform as Mr. Tilden has been generous and statesmanlike. We opposed the nomination of Mr. Tilden; when nominated we gave him support; with the letter before us, we cordially call upon our friends everywhere to give him an earnest support. He has left no excuse for a third party; he has left no excuse for rebellion or bolting among the Democratic ranks."

COMMENTS OF THE NEW YORK PAPERS.

NEW YORK, August 5.—The morning papers all comment at length on the letters of acceptance. The Herald says they are discreet and able documents. The country will regret that Gov. Tilden has no word of condemnation for the massacre at Hamburg; a regret which will be increased when it reads in the letter of Gov. Hendricks an intimation that the strife between the races will only cease as soon as

the power for evil is taken out of the hands of the Republicans. On the currency both are in accord. If anything, the expressions of Hendricks are stronger on the subject, being more intelligible and clear. The gratifying fact, however, is that if Tilden is elected, he will, whether the resumption act is repealed or not, use all the power of the administration to secure resumption. The papers are also in accord on

CIVIL SERVICE REFORM.

but there is nothing in either letter to prevent Tilden and Hendricks from removing all present incumbents of federal offices within thirty days. Altogether, the letters will satisfy the country, and will strengthen the Democratic cause.

The Herald says the letters are one in substance and spirit. Nothing is said for effect. There are no false professions; everything is clear, straightforward and practical. The views expressed on finance and on the Southern question are admirable. The hour of reform has come, and here are the men to meet it.

The Effect of Kanawha Salt on Stock.

"Having learned that Lenoir Brothers lost, a few weeks ago, in one day, seven fine mules, a Chronicle reporter proceeded to Lenoir's Station yesterday, and interviewed Mr. Wm. Lenoir on the subject, with a view of giving our farmers the experience of such thorough, wide-awake men as the Lenoir Brothers are well known to be."

"The mules, we learn from him, were affected with the slobbers, but were otherwise perfectly sound and hearty. They had not had any salt for nearly a week, and on last Saturday two weeks ago they were turned into a pasture with other stock—several horses, cattle and swine—and then were given a bountiful supply of Kanawha salt, more than they would really eat, as none of it was afterward taken up again. The next day about noon six of these mules were found dead, and the other one died before night. In answer to our question as to whether
